

## GROWING WITH DISTINCTION

Distinctive Chesterfields, a handmade Yorkshire furniture based company run by husband and wife team Clare and Steve Laidlaw, celebrated a successful 2015 and are seeing the successes continue into 2016. The family run company launched only eight years ago, and after the opening of their flagship showroom in London's St John's Hill in June, they launched another showroom in New York early this year and will soon see one opening in France. These newly launched premises will give people around the world a chance to experience for themselves and purchase the luxury of Chesterfield suites, wingback chairs and footstools handmade in Yorkshire using only materials of the highest quality and skilled workmanship. The openings have also seen a rise in recruitment with their team growing to over 30 staff during the past few months. **01484 663294 | [www.distinctivechesterfields.com](http://www.distinctivechesterfields.com)**

Mary Fox-Linton commented, "I was so fortunate to have met Jessica and to see her paintings, which are stunningly beautiful and unique. A photograph cannot do justice to her paintings. Abstracted and atmospheric, the textures and vitality of her paintings need to be seen to be appreciated."
