

Inspiration for a new generation

“Our vision is to create
inspirational, yet
functional facilities that
help to improve the
quality of people’s lives”

Nick Sadler, Managing Director

About us

We are the UK market leader in full service premium health, fitness and leisure solutions.

From innovative commercial gym design to inspirational home gym spaces, our mission is to inspire, encourage and support wellbeing improvement.

We've been leading the field since 2000. We are recognised by industry bodies and their discerning accreditations for our passion, progressive expertise and quality service.

How we work

Our mission is to navigate every journey together

Positively disruptive and pioneering, the motive8 difference lies in our unique 360-degree approach to every project.

Whether we're designing and installing a bespoke gym, fitness studio, pool & spa or fully managed site, we always take the time to ensure every need has been carefully considered and expertly addressed.

Our goal is to create a truly bespoke space where form and function unite.

Markets we serve

We power your project and ensure return on investment.

You can trust us when it comes to creating, delivering, managing and maintaining any commercial gym, residential gym, home gym or workplace wellbeing offering.

COMMERCIAL

The creation of a gym and fitness destination that combines the latest design, equipment, technology and quality customer services. Our knowledge of your target market helps to match outstanding facilities with a commercial model, attracting new customers and inspiring their loyalty.

RESIDENTIAL

Attracting long term tenants, boosting rental income and increasing property value, we have in-depth experience across the build-to-rent, private homes, hotels and student accommodation sectors. We can help you create leisure facilities that set your residential development or private residence apart.

WORKPLACE

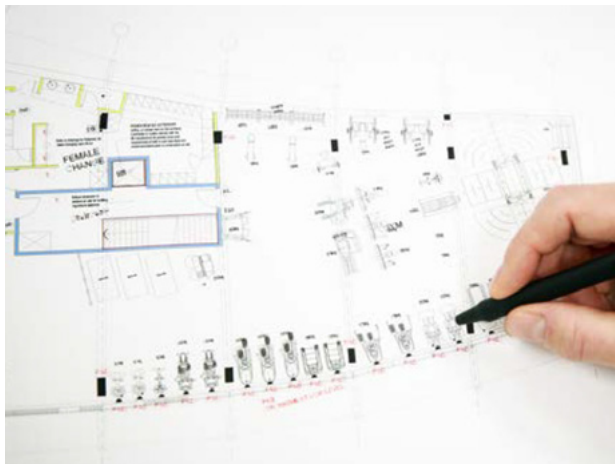

Improving employee wellbeing and productivity, we have the expertise to develop your corporate environment with gym and wellness spaces. Encouraging exercise and relaxation, this can help staff achieve their day-to-day goals and ensure the highest calibre of candidates are attracted to your work environment in a highly competitive market.

Our services

We offer a full suite of expertly led, inspiring, comprehensive and complementary services.

- Full-service expertise from design to installation
- Gym and pool maintenance support and management advice
- Innovative technology for facilities management
- Specialist gym equipment from top suppliers and motive8 own-brand

CONSULTANCY

Benefit from our expertise, know-how and skillset from beginning to end. Our in-house team can offer professional guidance for facilities, layouts, membership models, maintenance and more.

EQUIPMENT

We consider every single detail of each project. Carefully following emerging trends and working with top industry suppliers we ensure your equipment smartly satisfies every need and requirement.

DESIGN

We are the authorities on making better use of space. We skilfully guide you through your gym design journey helping you to achieve the best possible solution – on time and on budget – first time around.

MANAGEMENT

Our dedicated team can keep your facility running smoothly to the highest standards of performance and customer service. We can support you with inductions, specialist instructors, personal training, fitness classes, spa treatments and more.

MAINTENANCE

We are the only provider to offer an entirely holistic, individually tailored and swift gym and pool maintenance support service. Benefit from a whole range of efficiencies by bringing all your needs under just one supplier contract.

REFURB

Buy refurbished and used gym equipment that has been reconditioned and finely tuned by our specialist engineers. Choose from top industry manufacturers such as Technogym, Life Fitness, Core Health & Fitness, Octane and Concept 2.

Recruitment

One team together

We are ready to undertake any project

In-house expertise. A quality control mindset. Industry accreditations. Innovative tech. Own brand equipment. There are lots of great reasons why motive8 is right for your project.

Our intuitive, highly experienced approach to design and installation ensures every touchpoint of your project is cleverly, seamlessly and skilfully identified, achieved and delivered.

“We work with you on the journey from inspiring concepts to fully serviced facilities.”

Sarah Cleland-Smith, Director

UNDERSTAND YOUR NEEDS

We start by seeking to understand what it is you want to achieve. This includes learning about the people who are using your facilities.

ANALYSE SPACE

We visit and measure your space to find how we can maximise the potential of your gym design to fulfil your objectives.

DRAW UP PLANS

By visualising your facilities, this enables us to discuss key suppliers and predict timelines and quotes at the beginning of the project.

AGREE WAYS OF WORKING

We identify decision makers and partners, as well as any others to be consulted, to help agree the budget. This includes being clear and upfront about all consultancy fees.

OVERSEE INSTALLATION

It is a priority for us to provide support throughout the gym installation phase and to ensure that the specifications of your plans are being realised.

KEEP OPERATIONS RUNNING

If required, we can keep everything working smoothly through maintenance contracts and gym management, as well as fitness and spa services.

Our work

We are innovative and on-trend with over 20 years' experience.

From beginning to end, motive8 has the expertise, know-how and skills across its entire in-house team to create and deliver bespoke solutions.

THE MOTIVES8 DIFFERENCE:

- We take a curious, creative, questioning and personal approach
- We design the best possible solution to meet your needs first time around
- We provide professional guidance and plan every detail to your advantage
- We help you to provide the highest standards of performance
- We follow emerging trends and embrace new ways of thinking

“We offer a wealth of experience and expertise to help people achieve their goals and enjoy their fitness journey.”

Richard Moon, Director
